Synopsis

Damsels in Distress: MANHANDLEDVOL. 2 - OVER 200 VINTAGE PULP MAGAZINE COVERS FEATURING BEAUTIFUL WOMEN NOT BEING TREATED NICELY™ The “Damsel in Distress”™ is a classic theme in world literature, art, film and video games. She is usually a beautiful (and sometimes scantily clad) young woman placed in a dire predicament by a villain, beast or monster and who requires a (handsome, young and virile) hero to achieve her rescue. After rescuing her, the hero often obtains her hand in marriage. She has become a stock character in nearly every genre of fiction, particularly of melodrama. Though she is usually human, she can also be of any other species, including fictional, alien or folkloric species; and even divine figures such as an angel, spirit, or deity. MANHANDLEDVOL. 1 In this book these beauties are grabbed, groped, fondled, pinched, punched, carried, bundled, pushed, pulled, shoved, tripped, choked, clawed, tossed, cuffed, gagged, dropped, carried, thrown, stripped, strapped, struck, injected, tied up and tied down and generally not treated very well by men “ and sometimes by other women, as well as the occasional ghost, ghoul, skeleton, alien, animal or beastly monster.

Customer Reviews

This volume continues the theme of pulp magazine covers featuring women who are in trouble and hop you are coming to save them. This features magazines starting with the letters H-Z. Classic titles like "Keyhole Detective Stories," "Lone Wolf Detective," "Spicy Adventure Stories," and "Western Love Stories." Along with pulp era dime novels (as they were known) there are a few covers from 1960s "Men's Magazines" like "Valor," "Untamed." and "Men in Adventure." To pad out the offering, there are also a few science fiction magazine covers and paperback books, all with the theme of Manhandled women, just waiting for you to save them. These are all interesting pieces of art, meant to get you to buy this magazine instead of all the others it had to compete with. They were restricted in what they could show, but pushed the boundaries where they could. I can highly recommend on a number of levels.
