## Customer Reviews

This is a very poorly researched book consisting mainly of photos with captions like 'brass horse \$3'. The first section on Breyers, Hartlands, Hagen Renakers and North Lights has some nice pictures. If you can't get a copy of the HR Handbook, this book has pictures of some neat horses, and there is no North Light reference book available. There is some info on older famous horses like Trigger, Fury, and Silver. Recommended only for the pictures in the first section.

This is a great book to look up old horse toys to see their brands and values. If you have any you

want to sell, check out the info in here before selecting a price. If you are a BUYER, you REALLY need to know their value before bidding on or buying any. Great just to reminisce thru, also !
