The reason why I picked this book is that it also offers a whole bunch of savory fat bombs recipe in addition to the sweets desserts. The different combinations, textures and flavors experimented in this book is amazing and the recipes are so simple yet tasty and look so presentable too. This is a great way to please guests at dinner parties with beautiful food.

This is a perfect way to have a fat-free and guilt-free snack! More often than not, we tend to worry on the different sweets we eat since they are sugary and high in carbohydrates which causes weight gain and fat build up. Good thing you have this 100 irresistible sweets and savory snacks recipes which are low in carb, gluten-free and grain free!

I've found a lot of yummy recipes from ketogenic diet in this book - dessert bars, chocolate biscottis, maple bars, blueberry cheese bars, candies, truffles, pops, ice-cream and other recipes. My whole family is happy and I often cook using this book. A special treat is smoothies - avocado banana, almond strawberries delight. Delicious!

This book provides delicious recipes that are easy to make and easy to stick to. This book keeps it simple and what it promises, a solid collection of keto diet recipes. The recipes are well written and easy to follow instructions. I thoroughly recommend this book for your low carb kitchen.

This is finally a book that shows exactly all the ingredients including carbs, sodium, chemicals etc. Switching to a keto diet can be a challenge and this cookbook has helped me somewhat to make the change more pleasant, recipes are quite simple, but very good and practical for the most part, it's a useful book.

A great book where all the ingredients are included like carbs, sodium, chemicals etc. To be on a keto diet can be hard and this cookbook is very helpful and makes the change pleasant, the recipes are easy to follow and my family enjoys the sweets without having to think that it is bad for you!
