The Adobe Illustrator WOW! Book For CS6 And CC

Synopsis

For decades, Sharon Steuer and her international WOW! team have been showcasing the world's best artists and designers working in Illustrator. In this expanded edition of the best-selling and award-winning Illustrator WOW! Book, you'll find hundreds of tips, tricks, and techniques derived from actual projects from top Illustrator artists. You'll learn to use new features, discover exciting ways to create complex effects, and find fresh ways to use venerable old tools and speed up your workflow. This edition includes coverage of the 2014 release and is loaded with lessons with stunning new artwork that feature:

- Painting and generating objects with raster brushes
- Harnessing Live Corners, Live Rectangles, and new ways to reshape paths
- Manipulating live type characters with the Touch Type tool
- Creating airbrush and neon effects with gradients on strokes
- Building complex styles with multiple lines, fills, and effects
- Composing complex repeating patterns
- Auto-generating corners for pattern brushes
- Incorporating transparency into mesh and gradients
- Building and modifying scenes in perspective and 3D
- Transforming raster art to Illustrator vectors
- Preparing artwork for animation and the web
- Integrating Illustrator with Photoshop and other apps
- Creating photorealism in Illustrator

Customer Reviews

I'm not an experienced Illustrator user. I was looking for a friendly reference book that I could search quickly. For me it is a luxury to see a procedure on paper. For example: I wanted to create a vector file from a raster image that would then be used by a machine to cut out a shape. Details and pitfalls are so easy to miss in a video. I like watching a video and having Ms Steuer's book open. There I can see the steps logically and graphically organized. I don't have to watch the video multiple times to find a option or keystroke I missed. Her book is a thoughtfully researched wealth of information all easy to find locate and follow.

This book just keeps getting better with each edition! Besides being beautiful and providing a wealth of useful information (step-by-step techniques and tips), the book has such a nice, calm, well-organized feel. The purple CC markers are a wonderful idea for alerting the reader to new, Creative Cloud content. And the author promises to post info about Creative Cloud updates through wowartist.com - a wonderful way for readers to keep up with the latest changes.

love this book! projects are mazing!

3rd Wow book I have purchased. I get so much from this book

I am new to Illustrator and this book is fantastic.
