Silver & Costume Jewelry Making : A Complete & Step By Step Guide: (Special 2 In 1 Exclusive Edition)

Synopsis

Wearing jewelry is essential to helping women developed their own style. For women wishing to create a look that's unique, the last thing they'll want to invest money in is mass produced pieces of jewelry. It's for this reason alone, learning the skills needed for making silver and costume jewelry could prove extremely beneficial. When it comes to making such pieces you need to know where to purchase the right kinds of supplies. In this book, " Silver & Costume Jewelry Making: A Complete Step by Step Guide (Special 2 In 1 Edition)" not only do we discuss what's needed to start your own silver & costume jewelry making venture but also provide several projects you may want to try out. The actual process of turning a piece of silver into a piece of jewelry is not only very technical, but also allows your artistic side to flourish. Once you've finished making silver jewelry either for yourself or for someone else, it can prove extremely satisfying, especially as you watch the piece develop and grow. In addition, if you're someone who has an eye for fashion and enjoys making their own things, why not save yourself money by making your own costume jewelry. Even the simplest pieces of costume jewelry can be overpriced, so why spend money on such accessories when making them for yourself could save you a great deal of money. Of course when it comes to making your own jewelry there are certain things you need to consider before you do. The first thing you need to consider before you begin the process of learning how to make costume jewelry is what type you wish to make. The best way of determining what style of jewelry you want to make is to look through various magazines and see what's on offer in stores locally. It's also a good idea to gain inspiration for your costume jewelry designs by visiting museums or art galleries. You may even gain inspiration for your designs when out for a walk. For more tips and tricks, download " Silver & Costume Jewelry Making: A Complete Step by Step Guide (Special 2 In 1 Edition) " now!

Customer Reviews

A very wonderful book on jewelry making. It gives very precise details. It's packed with so much useful information and tips. The only problem is there are barely any pictures and the ones that are there are very tiny. With more detailed pictures this book would have been a five star instructional book.

This is a basic book on Silver Costume Jewelry making. I wanted a quick refresher book on working with sterling silver today. Having created silver jewelry many years ago using methods that are considered harmful today, I wanted a refresher book on working with silver using today's methods. If anyone desires to explore this skill further, other books would be needed to add to your library. This book doesn't go deep enough for someone who really wants to know the process and skill. It is helpful to take a class at your local art center on Silver jewelry making. Self instruction on costume jewelry making is a much easier process. Just have fun !!!! And create !!!!

Wonderful! Good price informative and full of ideas.

LOVE IT THANK YOU!
