#### **Customer Reviews**

Cards are list alphebetically by set so if you are looking for the latest releases they are spread out throughout the whole book. Would be better listed by year, so you can see clearly what each year had to offer. With so many manufacturers coming and going its hard to know what is released and by who, if you don't know the exact set name or manufacturer. Also no team listed by player...still need to find the checklists somewhere.

Anyone that does collecting of cards know about Beckett's price guide. They are pretty much the only price guide to use and ultimately it's a 'guideline' to the pricing - like anything in this world the product is worth however much someone is willing to pay for it!! But this provides a service to give a person an 'idea' of what an item books for and you go from there yourself.

Just what I needed to update my hockey collection. Great price. Arrived on time.

Always handy to have when new lots of hockey cards arrive to grade and price.

Great Hockey Price Guide, helped a lot!
