# The Dr. James Dobson Parenting Collection

## Synopsis

It can be tough to be a mom or dad. Aren't there days when you wish you could sit down with an expert on parenting—somebody who really understands what you're going through and knows just what advice and counsel to give you? Good news: The parenting wisdom you need is here—in one complete volume! In The Dr. James Dobson Parenting Collection, you'll find three bestselling books (The New Dare to Discipline, The New Strong-Willed Child, and Parenting Isn't for Cowards) containing the straightforward, practical, biblical truths you need—from Dr. James Dobson, the world's foremost authority on parenting.

## Customer Reviews

I purchased this book when I was at my wit's end with our daughter hitting the terrible twos and needed some guidance. I trust anything Dr. Dobson says. My mom used the original Strong Willed Child for us growing up. I read through the book very quickly but skipped over all the research data. He does include a lot of info from studies which is kind of annoying but it is still incredibly helpful. I applied the tips learned and she started behaving almost overnight and hasn't thrown anymore out of control temper tantrums that leave me crying in the bathroom! We are all much happier. I highly recommend this resource!

I had the privilege of having these three James Dobson books at my disposal when I was raising my children back in the 80's-90's. They are fantastic books, containing pearls of wisdom. They gave me much needed truth and guidance - let's face it...children do not come with instructions, and the way

our parents did it may not be the right or effective way. These books were and integral part of my raising of children. Truth and wisdom do not change over time - so these books are still applicable today.

This book is insightful and a great bargain! I have the original Dare to Discipline and have read it. This book is great, because it combines 3 awesome works of Dr. Dobson's so I don't have to pick up different books at different books for different times, it's all in one book and I can flip around through it, depending on the situation I am trying to resolve or learn about. Very practical and sound advice and information.

I love this book. Such good advice. Practical and loving discipline- so well articulated. My mom read Dobson, my mother-in-law read Dobson, and I'm carrying on the torch! I hope you read this and take this good advice, because you will be happier and your babies will thank you.

I love having the books. I wish I had bought each seperately. I have a hard time holding the book up in my constant state of sleep deprivation. Excellent material.

It is so wonderful to get a hold of this trio of Dr. James Dobson's books regarding child rearing. My daughter is getting married soon, and she and her husband-to-be want to start having their family right away. Because of the delay due to her work career and the proximity to the upper end of her child-bearing years, she wants to dive right in, but she has neither been around babies and small children over the years, nor has she done any reading or preparing for the great adventure. This group of books will be a wonderful read right off as well as a wonderful reference over the years. You cannot go wrong following the guidance of this godly man. Joyce

This is an awesome book, and I told my wife I may purchase extra copies to hand out to harried parents that I see when we go to restaurants or just around town. Children need boundaries, and parents need to be consistent. Dr. Dobson offers a lot of practical advice for how to make life pleasant and enjoyable both for the child and the parents. I'm not sure why so many parents are afraid of discipline. Frankly, I look at their lives and wonder how they aren't completely miserable with the way their kids don't obey when they are given instructions on their behavior. Our daughter is well-loved, and she knows it. She also obeys us, and we enjoy being with her.

I love Dr. Dobson. My parents looked to his advice while raising their 4 kids and now I look to him with my 2 boys. Great resource! All 3 of his most popular book all in one for a great price! I will also have to buy his Bringing up boys book. Love it!
