# iPhone With IOS 9 And Higher For Seniors: Get Started Quickly With The iPhone (Computer Books For Seniors Series)

## Synopsis

The latest book on the iPhone in the popular Computer Books for Seniors series, with more than 300,000 copies sold. The iPhone is a complete, fully functional multimedia device. In this comprehensive book you will get acquainted with the core features of the iPhone as well as many of the additional options that are available. The clear and concise instructions and full-color screenshots show exactly what to do. The extra tips, notes and help sections will help even further to get the most out of the iPhone. This user-friendly book will show you how to make phone calls, send and receive email, and surf the Internet. Most of the standard apps are also discussed. Learn how to take pictures, shoot videos, listen to your favorite music and even maintain a calendar. This book also shows you how to download apps from the App Store, where there are many more apps available for free or for a small charge. Explore and discover the possibilities of this handy device with this practical book!

Learn how to:

- Make phone calls and send text messages
- Connect to a Wi-Fi or cellular data network
- Surf the Internet and use email
- Use built-in applications
- Download apps from the App Store
- Work with photos, video and music

Suitable for: iPhone 6s, 6s Plus, 6, 6 Plus, 5s, 5c, 5 and 4S with iOS 9 or higher.

## Customer Reviews

This book has large color pictures to guide you with using your phone. Also, the instructional steps, font, and overall layout of the book are simple and not overwhelming to use. I compared this book to

other iPhone books for seniors in a bookstore and this book was the simplest to use and understand. I highly recommend this book.

Looks like a great easy to read book for all ages. Purchased for my 70 year old mom. Only wish my mother would actually take the time to read it so she could respond to the people texting her!

Very helpful. Written in a concise and understandable way. The exercises are a good practice of the material presented in each section.

Have not spent enough time with the iPhone to give very much of an opinion yet

VERY INFORMATIVE
