Customer Reviews

After reading the first one I was very interested in this series and as soon as I found out there was another one I got it as quick as I could. I liked this book a lot. Especially with his donkey Buck. - Jenna R. 10yrs

I love this book I am a big fan of minecraft. I have minecraft on my kindle and my PlayStation 3 it is the best game. So I decided to get a few minecraft books. This book is the best. I suggest everyone that reading my review, buy this book. It is the best minecraft book I've read.

I love it, great puns, and the main character really has trouble because he doesn't know the first thing about Minecraft. All in all I think it is one of the best books I ever read and I read a lot of books.

My six year old son: "This book is awesome. My whole family likes Minecraft, and we really like reading Minecraft books together. I liked this book so much that I bought a Seed of the world it is in." Me: I like this book, and the others in the series, because it is amusing and appropriate as story time or bedtime reading. The authors work together to create the stories, companion books, and even Minecraft seeds that can be purchased and played in game. This makes for a great reading experience.

A perfect way to entertain kids but the people who say your books are bad well they are crazy !

I rated this book five stars because the book is funny and interesting. I liked it because it is funny and I also like minecraft . I would recommend this book to any one who likes minecraft and likes jokes.

I love minecraft so I searched minecraft in the book store. Then this popped up and I like Diary of a wimpy kid so i thought why not. Then I started to read it and it was hilarious! So I got into the series and it is great. The reason I didn't give it a 5 star is because I felt like it was a bit to short for me. I still love the series though and I think you need to get this.

The book was pretty good, and I liked how they ended it while you were on the edge of your seat but instead of all of that stuff at the end like links and half sheets of paper continue the story and make it longer. I'm a fast reader and I'm sure other people are too so that's why I said that about being longer because it's too good of a story to make it so short. If your reading this and having a bad day I hope your day gets better and happy, if your having a good day I hope it continues with smiles and laughter and stays good. Have a wonderful day or night!!!!!!! (;Make sure u comment more about this book, then author would appreciate that.
